FRIDAY EVENING, APRIL 12

ADMIRAL SEMMES.—At the banquet given by the Friendly Sons of St. Patrick on the 17th ult., in Memphis, Admiral Semmes, who pre- sents the editorial columns of the Bulletin, responded to the regular toast, "The American Army and Navy," in the following stanza, written by a Northern poet:

"Now calmly they rest from the march and the fray,
They sleep side by side, both the blue and the gray.
Far South is a cottage whence cometh the wail,
For North is a home with a face sad and pale.
We'll mourn our brave, caring not for this hue,
We'll weep for the homes of the gray and the blue."

THE GREAT EXHIBITION.—An English economist has taken the pains to foot up the appropriations which have been made by various countries toward securing a just representation of their own interests at the French exhibition, and gives the result as follows:—England £150,000, Prussia £120,000, Italy £80,000, Austria £80,000, and the United States £400,000—total \$500,000. He estimates that the contributions of other parts of the world will bring the aggregate up to a round million of pounds sterling which will be spent by foreign countries among French workmen.

The Charlottesville (Va.) Chronicle notices "The Phoenix State Company," with William T. Morris President, and David O. Williams Secretary, which has recently been organized, and which has become the owner of the slate quarries on Buckeyland, some six miles below Charlottesville, and is now working under most favorable auspices. These men are all, from the President to the smallest stockholder, quanyon in trade, of large experience and of true worth.

MANASSAS, April 1—conts

SHERIFF'S SALE OF LAND.
By virtue of an order of the Court of Fairfax county, made at its March Court, 1887, in the suit of Robert J. Simpson vs. John Beckwith, I shall, on the 15th DAY OF APRIL, 1887, at being Court day, in front of the Court House, do said county sell, the highest bidder, FOURTEEN ACRES OF LAND, the property of said John Beckwith, being the lot lately assigned him in a division of that part of Wm. E. Beckwith's real estate, lying south of the Orange & Alexandria Railroad.

TERMS.—One fourth cash; the residue in three equal instalments at six, twelve and eighteen months, with interest from day of sale—the purchaser to give bonds for the deferred payments, and the title to be retained until the purchase is completed. Conveyance at the cost of purchaser.

M. ELDRIDGE & CO., MILLER, S. S. SHERIFF, Fairfax county.

ADMINISTRATOR'S SALE OF REAL ESTATE.—Pursuant to a decree of the County Court of Fairfax county, I offer for sale the VALUABLE FARM, of which the late Rebecca Elgin died seized. Said farm lies upon the waters of "Scott's Run," adjoining the village of Lewinsville, on the Georgetown road, eight miles distant from the latter town, containing 230 acres of excellent land, 60 acres of which is heavily timbered, the remainder in good state of cultivation, and all under good fencing. The improvements consist of a comfortable dwelling, barn, stable, and all other necessary out-buildings. The superior quality of the land, its valuable timber and fine water power (a never failing stream passing through the premises), offer inducements to the agriculturist or artisan; its proximity to the Washington, Georgetown and Alexandria markets and its pleasant neighborhood render it one of the most desirable estates in this section of country. If not sold at private sale before the June term of the County Court, (3rd Monday) 1887, I will, on that day, offer said premises at public auction, at Fairfax C. H., to the highest bidder. Terms reasonable, and made known on the day of sale, the title is indisputable. The subscriber, living near the premises, will show the same to any person desirous of purchasing.

CHAS. F. ELGIN, Administrator of R. Elgin, dec'd.

FERTILIZERS, &c.
GUANO AND FERTILIZERS.
The subscriber has on hand a full assortment of the most approved MANURES, which he is prepared to sell in any quantity desired, at the LOWEST MARKET RATES.

As the prices are uniform the farmer can obtain his supplies as well by correspondence as though he were to purchase in person.

I OFFER:
Peruvian Guano, of the best quality. Bolivian Guano. This article comes from the same section as Peruvian, which it closely resembles in texture and appearance. It is much richer in Phosphoric acid than Peruvian. For soft soils or stiff sub-soils it will grow quite as well as Peruvian, and it costs but two thirds the price of that article.

Mexican Guano, of four grades. Ground Bones. Whitehead's Cerealizer. The high reputation borne by this article as the most effective and reliable crop producer made in the United States, induces me to ask the farmer to test it alongside of any manure he may apply.

Woolston's Ammoniated Bone Phosphate. This article is manufactured by the same house, and contains all the best qualities of Peruvian Guano and Ground Bones.

GUANO.—REED'S AMMONIATED SUPERPHOSPHATE OF LIME. The best superphosphate yet offered to the farmer, possessing all the activity of Peruvian Guano, but being far more durable in its effects.

It contains a large amount of animal matter in a highly concentrated form, which, combined with its soluble bone phosphate of lime, cannot fail to render it very valuable as a fertilizer. Notwithstanding we believe it to be the best super-phosphate in the market, yet, by a process peculiar in its manufacture, whereby the expenses are lessened, we are enabled to sell it very low, with a liberal discount to dealers.

THE GREAT TOMATO.—Maupass's Superior Tomato, in point of flavor, productiveness and perfection of shape, has no equal. It is of a deep red color, in form it is round, slightly flattened, and without crease or wrinkle. It is of medium size, and the flesh almost as solid as a beet stalk. In proof of its solidity may be stated that without being extraordinary large, the average weight is from nine to twelve ounces. One bushel will make as much soup or fill as many cans as 2 bushels of the ordinary kind, and in point of flavor it is unsurpassable. As an evidence of the superiority of these tomatoes for marketing purposes they commanded ready sale at \$2 per bushel, when others were offered at \$1. The seeds will be mailed, to any part of the United States on receipt of 25 cents.
